CM85719

Dr. S C Jain, F-402, Amrapali Apartment, Ankur, Naranpura, Ahmedabad - 380013 India. Email: scjainind46@yahoo.co.in

I am a stamp collector and looking for pen pals in Newzeland, Australia, South East Asia and other parts of the world for exchange of mint/used stamps on reciprocal understanding. I am particularly looking for material on renewal energy, farming, banks, joint issues, waterfalls, lighthouse and so on. All correspondence on time and genuine dealing only.

Adlet prices and rules:

Euro 50 cents equivalent in recent mint stamps from your country per line.

Please do not send cash.

All adlets must be sent directly to the address of the editor of the CCCC newsletter.

If you wish to receive a printed copy of your ad after it is published, please add Euro1.03 for Europe, Euro 1.20 for the rest of the world in recent mint stamps from your country to the total.

IMPORTANT

Our OMs are sending out many circuits but one of the problems always is, that too many of them never find their way home. One reason may be that the letter got lost in transport or, one of the 4 members is not forwarding. I would like to make the following suggestion if you are on the internet and if you know the e-mail address of the OM whose circuit you have received to please mail him a brief note that circuit No..... has arrived and will be forwarded promptly. In that way it will be much easier to track down the few of our members who do not forward. And, it will have the additional benefit to get a personal note from a member one may never have corresponded with. Please comment, if you have a better suggestion.

December 2012

CONVENTION, CONVENTION, CONVENTION

As the hotel costs in Toronto were too high we had to change plans and shall meet instead in **Milwaukee, USA.**

Date August 8th to 11th.

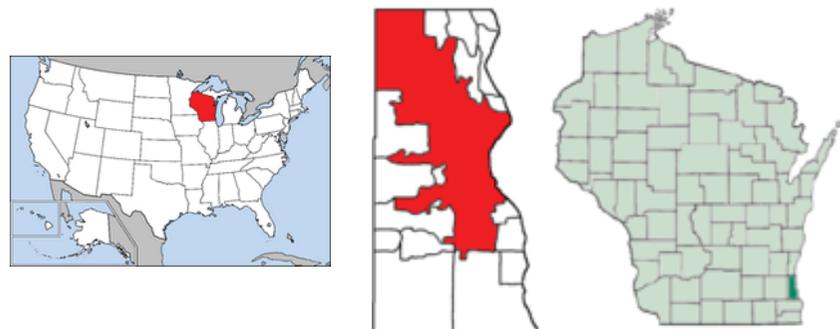

We shall have the meeting in conjunction with a large stamp show by the **American Philatelic Society** and shall be able to attend two or three First Day ceremonies if we like and have a booth or table to acquaint visitors with the CCCC and maybe find a few new members..

As we shall have a booth, we need to think about a display and if you plan to attend, plan to bring some covers and stamps. I have decided to make "Go Green" my topic and ask all members to mail some covers, FDCs and stamps on this theme to me. It of course will include pollution, industrial waste, clean air etc and I shall mail you covers or stamps, your choice of topic, in return.

There is lots of sight seeing in this large town and as Milwaukee is located on **Lake Michigan**, maybe a boat ride looks like a wonderful opportunity. But, we have not made detailed plans yet.

Please let **Mark Goodman** (co-chair of this event nangood25@hotmail.com) or myself know whether you intent to come or if you have questions. Again, contact us as soon as possible as hotels fill up quickly for the summer months.

Milwaukee is the largest city in Wisconsin and 22nd largest (by population) in the United States. Large numbers of German and other immigrants helped increase the city's population during the 1840s and the following decades.

COVERS FOR A SPECIAL EVENT.

Nuno had some responses for this project from members but we need more of you to join to make it real worthwhile and bring you plenty mail for the event you have chosen. I shall ask in the coming year for Christmas cancels but in 2014 probably switch to the Olympic Winter Games. Please contact Nuno as soon as possible.

PLEASE KEEP ATTACHED TO THE CIRCUIT

Please contact the editor for a copy of this newsletter. Do not remove
