February 2014

Looking Forward to 2015

Once every two years CCC members meet to plan for our club future. The meetings alternate between North America and the rest of the world. We met in 2013 at the annual big Stampshow festival of the American Philatelic Society—CCCC is an affiliated group. The previous meeting was in Poland.

Now is not too early to begin thinking about where we will gather next year. I believe we should try to move our meeting worldwide. Outside Europe and North America we have sizable numbers of members in Asia (especially Japan and India), South America (especially Brasil and Argentina). Before someone hits me with a boomerang, I should mention that we also have many members in Australia. Where would you like to meet? Personally I would nominate Amritsar, Buenos Aires, and Perth but that only represents my travel experience. Nominate your favorites.

Members enjoyed meeting during the APS Stampshow because it provided many other philatelic opportunities. It might be good if CCC could meet during a major philatelic event outside North America. If you have suggestions, tell me.

We can share the possibilities in future newsletters.
