## Good, Better, Best

We all like to receive nice covers. To receive the best we need to make sure that we are sending the best. From what I see and the comments I receive it seems as if most CCCC members work to provide excellent covers. That is wonderful.

However, there are always a few members whose covers are frequently substandard. Please remember to review the rating system on the reverse of the circuit form to make sure that you are mailing covers which will please your fellow CCCC members.

We are getting ready to set up an online reporting system so that you can report on all the covers which you receive. Not only will this identify those members who provide the best covers it will help track which members are not receiving sufficient circuits.

Once we get a good reporting system up and operating I hope that we will be able to offer some recognition for our most creative circuit creators.
