A Note From the CCCC Headquarters...

Holger Kaufhold has taken over as Director of Statistics and Records and would like for you, from now on, to send all checker reports to him. Please e-mail or write to get the Forms that he will prefer to use. This job requires many hours of record keeping and with using the forms he prefers, we all make his job much easier. And, if you could list your checker contacts in numerical order, that would help enormously.

All records that have been mailed to me, have either been included in the master list already or have been forwarded to Holger.

Meet a Member—Matteus Joutsimo

Matteus Joutsimo of Kerava Finland has been a member of the CCCC for several decades. Over that time he has made many friends and exchanged stamps and covers with other members around the world. While he focuses on stamps and covers from Nordic countries, Switzerland and the former Soviet Republic, he is happy to receive covers and become friends with members from anywhere in the world.

Matteus sent along product catalogs from Finland Post in which it was announced that Finland Post has changed its name to Itella Corporation. Itella now provides data and material flow management

services in addition to postal services.

Matteus reports that many post offices have closed and been replaced with "Postal Agents" in retail establishments. The "Postal Agents" are not always able to provide the latest stamp issues and do not provide the type of cancellations available at a regular post office. He also notes that special event cancellations are sometimes available but are not always publicized in time for collectors to obtain the cancellations.

Thank you Matteus for telling us about yourself and for the information you provided about Finland's Postal Service!
